

TOWN OF BRIDGEWATER
NEW BUILDING COMMITTEE MINUTES
MARCH 20, 2018

Draft

Meeting was called to order at 6:05 by Bruce Seely (Ellen out sick)

Present: Bruce Maxham, Josh Maxham and Nancy Robinson

Visitors: None

Bruce Maxham moved to accept the minutes of February 28, 2018 as written. Josh seconded the motion and motion carried.

Nancy reported to the committee that she had attended a School Committee Meeting on March 1st and brought back a suggestion that was made by Hank Smith that a committee member from each board should attend each other's meetings to keep communications open.

Discussed next steps to move building project along. Funding of \$13,500.00 is available in current budget and another \$20,000 has been approved through the town budget that will be available after July 1st. Suggestion made to go back to N-B-F Architects to get an updated contract to provide the town with an updated study that would include a revised floor plan of the new fire station, community room and amenities, outline specifications describing construction, systems and equipment and an overall budget number based on this information. Information that we recently received from Enman/Kesselring will be given to N-B-F for assistance with above work. Would also request that report include, without a full review, bullet points addressing issues with using existing school building, such as no room to expand, expense to rehab etc. Nancy and Josh were tasked to contact N-B-F for new contract.

Other companies that do design/build building include Breadloaf, Trumbull Nelson and Naylor-Breen.

Next meeting will be on April 10, 2018 at 6:00 pm.

Being no further business, meeting adjourned at 7:20 pm

Respectfully submitted,

Nancy Robinson
